ALL TARALAY BENEFITS ... WITH FAST TRACK INSTALLATION

1

Direct installation on existing
or uneven subfloors

At Gerflor, we believe that contract
jobsites will be more and more
under time pressure....

Gerflor has always been **pioneer in
providing adhesive free looselay
solutions**, such as Textile backing rolls,
LVT Clic, GTI, ...

**We think these solutions
are the present and future of flooring
because they are faster and cheaper
for installation, great to live in for years
and healthier for the planet.**

Made in France, Taralay Libertex is
a new generation of **textile backing roll,
specifically developed for
commercial applications.**

It enables installers to save **time and money**
while offering to their customers all the
benefits of Taralay !

2

Not shutdown,
no odor

3

No dry time...
it's done!

4

Great to live in

TARALAY LIBERTEX FASTER & CHEAPER FOR INSTALLATION

MINIMAL SUBFLOOR PREPARATION

TEXTILE BACKING
absorbs surface
irregularities

**IDEAL FOR
RENOVATION**

**DIRECT
INSTALLATION**

Renovation on ceramic, joint < 5 mm wide, 1mm deep

FAST AND EASY INSTALLATION

**LOOSELAY INSTALLATION:
DOUBLE-SIDED ADHESIVE TAPE**

- On room edges & at seam
- In corridor, every 10 m

**COMPATIBLE WITH
ASBESTOS SUPPORT**

NO ADHESIVE

- Installation in occupied room
- Minimum facility downtime
- Better air quality
- Easier and cheaper installation

**EASIER TO REMOVE
AND RECYCLE**

NO SHUTDOWN

NO ODOR, NO ADHESIVE ,
MINIMUM FACILITY
DOWNTIME

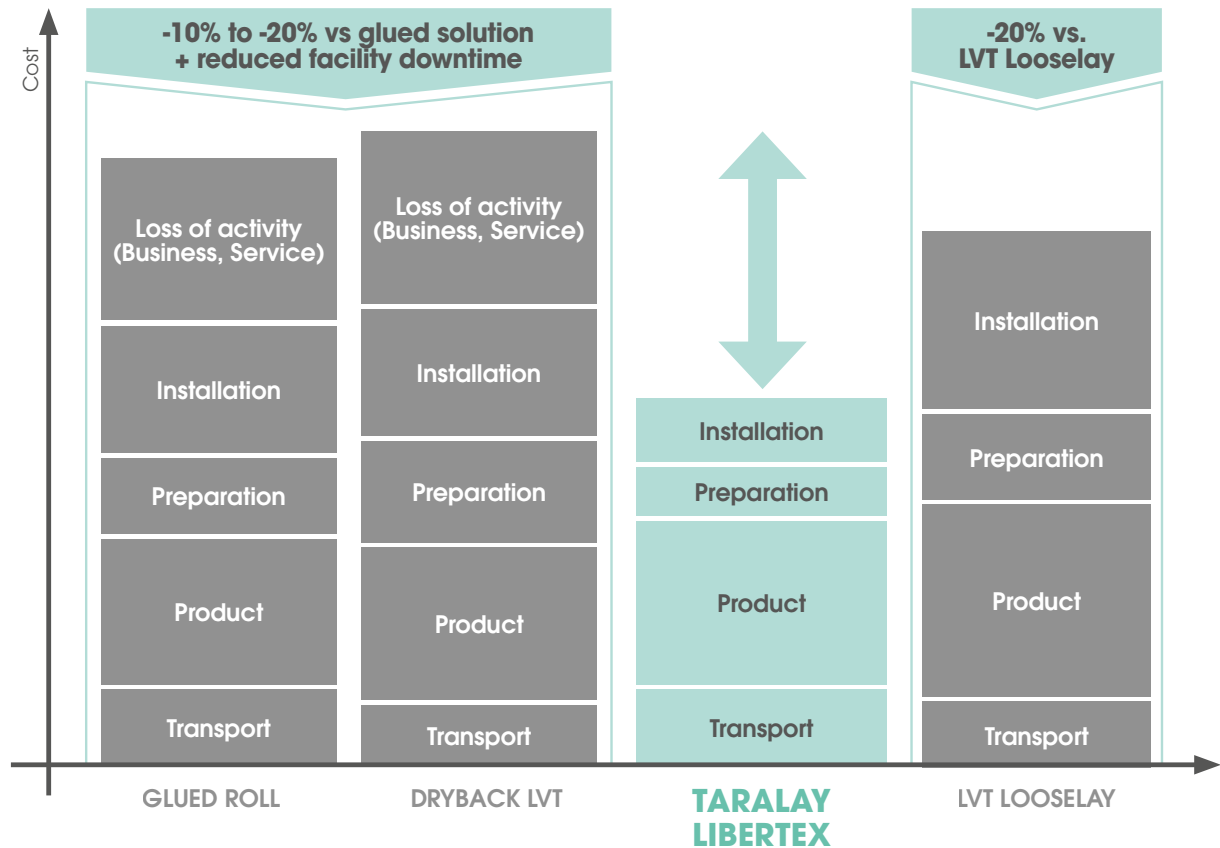

NO DRY TIME

TARALAY LIBERTEX

TARALAY LIBERTEX is ideal for fast track installation or renovations in commercial buildings.

It is a multi-layered vinyl floorcovering with a printed design protected by a 0,70 mm thick transparent wear layer. The product features a high density foam complexed with fiber glass, an acoustic foam layer and a reinforced textile backing. It offers **19 dB sound insulation**. It is available in 2m and 4m wide sheet, offers a R10 slip resistance and a group T wear rating. It is mechanically embossed, benefits from ProtecSol® surface treatment and has an ultra matt look.

TARALAY LIBERTEX is a worry-free looselay solution. It is laid without glue, simply applying a double-sided tape such as Fix&Free on room edge and at the joint. Its textile backing absorbs surface irregularities requiring minimal subfloor preparation on uneven floors. It is compatible with cold welding, hot welding, coving, and Vynaflex skirtings.

It includes at least 30% mineral materials and 20% renewable materials. Textile backing is made at 95% from recycled PET bottles. It is 100% recyclable and 100% REACH compliant. Its VOC emissions after 28 days (ISO 16000) are below 100 microgram / m³. It is classified A + (the best class) for indoor air quality.
